

DOVETAIL

THE UNDENIABLES

We don't believe that a cocktail menu should be intimidating or indecipherable, we are not guardians of obscure insights and techniques, we simply make delicious drinks. To that end, we have made a drinks list that we hope is approachable and familiar. You will recognise each drink's name, as we have built the menu around cocktails with a universal and undeniable appeal. However, our drinks are playful reimaginings of the great works, rebuilding them into new and exciting concoctions, whilst always respecting what made them beloved. Tradition be damned, first and foremost a tasty drink.

A WORD ON OFF MENU REQUESTS

We're not a large bar, and we may not be able to stock every ingredient, but we have an excellent team who are always happy to make recommendations. Some of you may never have been to a cocktail bar, and if so we're pleased to be your first, and some of you may have lost count. Regardless of your knowledge, experience or tastes, we believe cocktails should neither be daunting nor challenging. Please let us know what you like, what you may enjoyed in the past, or what might disappoint you, and we'd love to help you find a drink that's right for you.

And on that note, if for whatever reason you aren't absolutely happy with your drink, please, please let us know and we will gladly replace it. Don't suffer in silence - you are paying for a service, and we intend to ensure that it is delivered beyond reproach. Drinks are a matter of taste, and we would hate for one of our guests to be anything less than happy with what they've chosen. So we implore you; if you are not absolutely, unequivocally thrilled with your drink, let us know and we will gladly make it right.
